Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant urged that the prior art ('429) fails to teach or suggest inter alia "... pushing the portion of the stretch... in a direction having a circumferential component with respect to the axis" (Cf. a step of claims 8 and 32). The Patent Office disagrees with Applicant (Cf. the '429, col. 5, line 66 - col. 6, lines 10) and indicated that more details of this step is necessary in order to obtain possible patent coverage.
